

SAME as an organisation

Who we are

SAME – Solidarity Action Day Movement in Europe – is a European network that brings together several youth organisations carrying out an [annual Solidarity Action Day](#). At this day, pupils get the chance to exercise a job of their choice instead of going to school. They donate their salaries to youth-related projects from all over the world.

300.000 youths have participated in the Solidarity Action Day so far. The network consists of nine organisations in eight different countries. All the organisations are [led by youngsters](#).

What we do

In times of growing Euroscepticism, SAME encourages [young people](#) to stand up for a [fair and democratic world](#) by taking up social commitment and showing solidarity. We believe in the power of young people and want to make their voices heard. In this context, we [spread the idea of the Solidarity Action Day](#) all over Europe and support new Action Day initiatives.

Furthermore, we offer training and education for our members. Besides the SAME member organisations strengthen each other through the exchange of experiences and best practices.
