

Act.ival for Future

02/05/- 06/05/2024

The Act.ival for Future is a conference for young people from all over Europe who want to make a change to exchange ideas, learn and inspire each other. The programme combines workshops, debates, music, games and art. You will discover new perspectives to empower change in your community, strengthen your competences and have a lot of fun!

We organize the Act.ival for Future to support young people in becoming a driver of societal change.

We are convinced: **YOU(TH) CAN MAKE CHANGE HAPPEN!**

Are you between 16 – 23 years old? Are you living in a country that is a member of the Council of Europe, Belarus or Kosovo? And are you active in civil society or want to be?

For example are you a member of a student council? Active at initiatives like Fridays for Future? A sports group trainer? Assisting elderly people or a mentor for small children? Helping out at an animal shelter or the fire brigade?

Act.ival for Future is the place for you to meet like-minded people!

GET INFORMED, TAKE A STAND & ACT FOR HUMAN RIGHTS

You can expect:

- workshops and discussions with young experts from different fields of activism (e.g. solidarity actions, shrinking spaces of democracy, statelessness, capacities in activism and mental health, activism or safer spaces)
- hands-on sessions for skill-development (e.g. fact-checking, argumentative skills or advocacy training and much more)
- an amazing side-program with creative stations, games, movies, city tours, music and party
